

Disclaimer of Warranty and Liability

THIS SOFTWARE, DATABASE AND THE ACCOMPANYING FILES ARE WITHOUT WARRANTIES AS TO PERFORMANCE OR MERCHANTABILITY OR ANY OTHER WARRANTIES WHETHER EXPRESSED OR IMPLIED.

The information contained in the Database is carefully reviewed by before publication and is intended to help the professionals to conduct research regarding material properties. Although we perform checks of the validity of the data, neither Global Supplier or any of its affiliates around the world makes any warranty, either expressed or implied, as to the subject matter or accuracy of the information contained herein. Global Supplier shall not be held liable for any type of damages resulting from the use of this information. The user assumes all risk and liability in connection with the use of information in the database.

Please keep in mind that steel material properties may vary significantly and can depend on the supplier and supplier's internal standards, heat treatment, dimensions and other parameters. After the steel material selection has been made, it is the user's responsibility to contact the supplier and to check properties of material and suitability for a particular application.
